Overview

Built for the job: 2018 Kenworth T880 Roll-Off Truck w/Fresh Engine In-Frame w/Galbreath 75,000lb Cable Hoist and Pioneer Rack-n-Pinion Tarp system... Ready to haul you Can to the Dump!! This used white Kenworth T880 is a heavy-duty Class 8 option designed for demanding operations. It is powered by a Cummins X15 engine delivering 450 HP, featuring a turbo and engine brake. The drivetrain includes an Eaton-Fuller 8LL manual transmission with overdrive and a 3.91 ratio. This 8x4 configuration features tri rear axles, a mid lift axle, and air ride suspension for stability. With a GVW of 82,000 lbs, this truck is built for capacity and efficiency. The standard cab is equipped with power steering, cruise control, power windows, and power locks, ensuring operator comfort. Additional specifications include aluminum wheels with 11R22.5 tires and a 260-inch wheelbase. This vehicle has 528,483 miles and is available now.
